RICHARD SANOR,
FINANCE EDITOR

Richard,

It was a really fun year. Just wait until next year when we will get rid of those awful seniors and then you will control all the money. I can hardly wait until next year. Your friend

Brett Ross

Richard,
I hate people who get A's but I'll sign your book anyway.

Terry Schroeder

Richard,
It was good having someone who knew how much money we didn't have in the budget. Just wait until next year when we'll have enough I'm sure we'll have enough to buy 2 yellow felt tip pens.
See you next year!

Message from the Principal

Burlingame High School prides itself in having had the opportunity of working with and influencing the lives of hundreds of fine young men and women from our community. As you join this group of graduates we wish you success in your adult endeavors and encourage each of you to make such a contribution to society that others may say this world is a better place because of your efforts.

Best wishes.

Messages From the Assistant Principals

From Mr. Mangini
The Student Services offered by the office of the assistant principal extend from informal counseling services which go beyond those of the counseling offices to work with the entire student body in such important areas as racial relations and drug problems. This office has an opportunity to work both with individual students and their parents and with members of the community who represent many agencies dealing with students, their problems, and their welfare.

From Mr. Siegler
It has been a pleasure working for and assisting you this school year. It is especially hoped that those of you who are graduating will remember Burlingame High School as a school that offered a quality education, perpared you well for life, and provided warm memories of your experiences and of people who cared about you. We are interested in hearing from you in the future and invite you to return to visit with us.

From Mr. Raymond Brown
The Assistant Principal for Instructional Services is primarily involved in coordinating the guidance and counseling services and the curriculum. The person assigned to this position has a major responsibility for a multitude of activities. Primary among these is the broad supervision of all of the duties performed by the members of the Counseling and Guidance Department: Personal Counseling, Vocational Counseling, College Counseling, Group Counseling, Group Guidance, and Testing (comprised of both college testing such as Advanced Placement tests, American College Test, Scholastic Aptitude Test and Scholastic Aptitude Achievement Tests, as well as the State mandated and required tests). In addition, all of the elements of the curriculum as described in the Curriculum Handbook are supervised by this Assistant Principal. It has been a great pleasure to work closely with all of the students at Burlingame High School, and I hope that the members of the graduating Class of 1972 have continued the outstanding record for which Burlingame High students have been noted for a half century.

A Full Year of Committee Work

This year the Associated Girl Students have added the Publicity Committee to their structure, which is responsible for publicizing its activities at Burlingame. AGS provided Christmas cheer by putting up and decorating a Scotch Pine Christmas tree in the main hall and helping the PTA decorate the main office for our faculty. At the end of the first semester AGS lost two faculty advisors, Mrs. Susan Hall and Miss Dorothy King, and so AGS purchased gifts and a lovely sheet cake for cabinet and advisors alike.

AGS planned other functions including the traditional Farewell Tea for senior girls and their mothers and scholarship fund raising for a senior girl.

Members of the fund raising committee raise money during the year to help cover the expenses of the AGS functions and to provide a scholarship for that lucky senior girl. The main fund raising event of the year has been the sale of refreshments at the football games, participating in car washes. Helping with the annual dance is also part of this group's work.

Organizing and sponsoring the dance in the spring and making the necessary arrangements for the senior girls' farewell tea are the main events of the Social Activities Committee. The committee is responsible for the refreshments for such school activities as the Grid, AGS dance, and the Senior Farewell Tea.

The Community Service Committee collect food for a Thanksgiving dinner to provide help for a needy family in the area. Members work closely with the Volunteer Bureau in their activities. This committee did very attractive Christmas decorations for the classrooms.

Championship Season

Who would imagine that a team that began its season with a loss could come back to take the title of the league considered to be the toughest in the county? Not only did the amazing Panthers do that, but they placed a total of 17 players on the All-MPL teams, five of whom achieved All-County status. A major part of Burlingame's success was its outstanding defensive unit, consisting of such players as Bill Grami, Bob Mennis, and Jerry Ipswitch on the line and Gregg Houts, Tom Johnson, Howie Huff, and Phil Frederico in the backfield. Proof of this outstanding defense was a last minute goal line stand against Capuchino in the league opener. The offensive unit had problems in the beginning of the season but literally exploded against powerhouses Crestmoor and Hillsdale, easily disposed of Aragon, and managed to battle its way up the San Mateo field to score the only touchdown of the game, a game which proved to be the title clincher. Clark Anderson, Bob Black, Greg Erickson, Dan Eisan, Andy Kolesnikow, and Larry Jones were outstanding players on the offensive unit. The entire 1971 Varsity team displayed, once again, the determination and drive that has always been a part of Burlingame's tradition.

The Fena Special

JV's Place Second, 4-2

This year's JV gridders rolled their way to a second place finish. Players as Pete Fena, Ron Lawson, and Tom Frederico on defense and Chris Mennis, Mike Giron, and Mike Glafkides on offense helped to finish this season with an excellent 4-2 record. Many of the JV's should see Varsity action next year.

Frosh Finish Fourth

This year's freshman team did a respectable job by putting themselves in the middle of the pack and placing fourth in the league. The other teams in the league dished out some tough competition, but the Frosh never lost their enthusiasm. A lot of these returning freshmen have some bigger and better things to look forward to next year.

Front Row, Left to Right: Manager, Jesse Rosenthal, Mike Bond, Denny Baldwin, Jim Calkins, Rick McGreevy, Leo Ray, Terry Harrison, Buddy Proffitt, Ken Detweiler, Bill Delzell, Kevin Stopper, Kevin Byrne, Mike Carruth. *Row Two:* Manager, Jon Brown, Larry Weinberg, Jim McCarthy, Rick Ratto, Tom Hales, Dick Showen, Kris Rockwood, Scott Smith, Jeff Hansen, Bob Belton, Mike Craig, Jon Lehr. *Row Three:* Manager, Roger Oser, Wells Twombly, Don Vilotti, Darrell McCool, Russell Benson, Carey Wilson, Terry Schroeder, Terry Goll, Rick Kalbhenn, Brett Grami, Frank Monaham, Jim Griffin. *Not pictured:* Ray Buffert, Jim Venturino, Rick Giron, Tony Pacholuk.

A Tough Season For Cross-Country

The Panthers, led by MPL record-breaker Peter Brown, couldn't manage to break away from their bad luck. Plagued by injuries and untimely upsets, the harriers could only manage a 3-3 record. Yet with the entire varsity team consisting of juniors and sophomores, Coach Mike McCord and his potentially excellent runners may well be considered strong contenders for 1972 MPL honors.

Finishing the practice season with a 6-3 record, Coach Frank Firpo's cagers look like strong contenders for MPL honors. Though setback by the injury of starting guard Carl Minerva, the Panthers have a major advantage in their overall team depth. Led by outstanding players Erol Akchurin, Scott Roberts, Craig Beuttler, and Paul Kolesnikow, it looks like a good season is in store for our Frosh-Soph team.

A Disappointing Season

The 1971-72 season started off on the wrong foot and never really seemed to get moving. The injury of starting forward Rick Csssidy was a loss to the team from the very start. The Panthers, throughout the season, gave every team a strong fight but always seemed to fall short of victory. Potentially the team was outstanding. Phil Williamson and Howard Huff were strong on the boards; Rick Cassidy and Mike Strohmaier were consistent in their attack with quick lay-ins and assists; Doc Sheppler added scoring punch with his clutch outside shooting. With all these strengths, the team never seemed to get it all together. With many of the varsity juniors and with a strong frosh-soph graduating class for next year, the 1972-73 prospects are more hopeful.

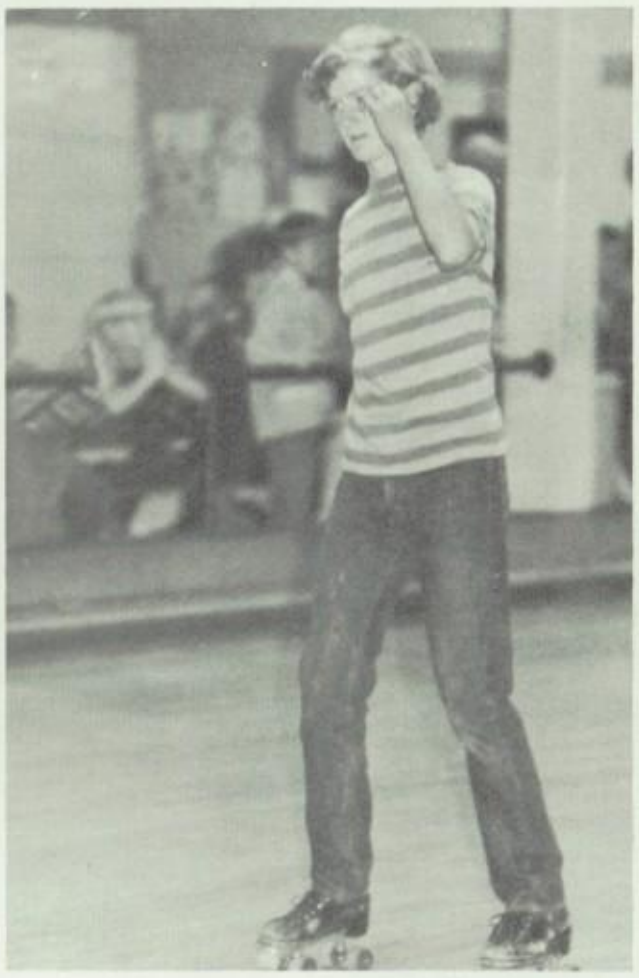
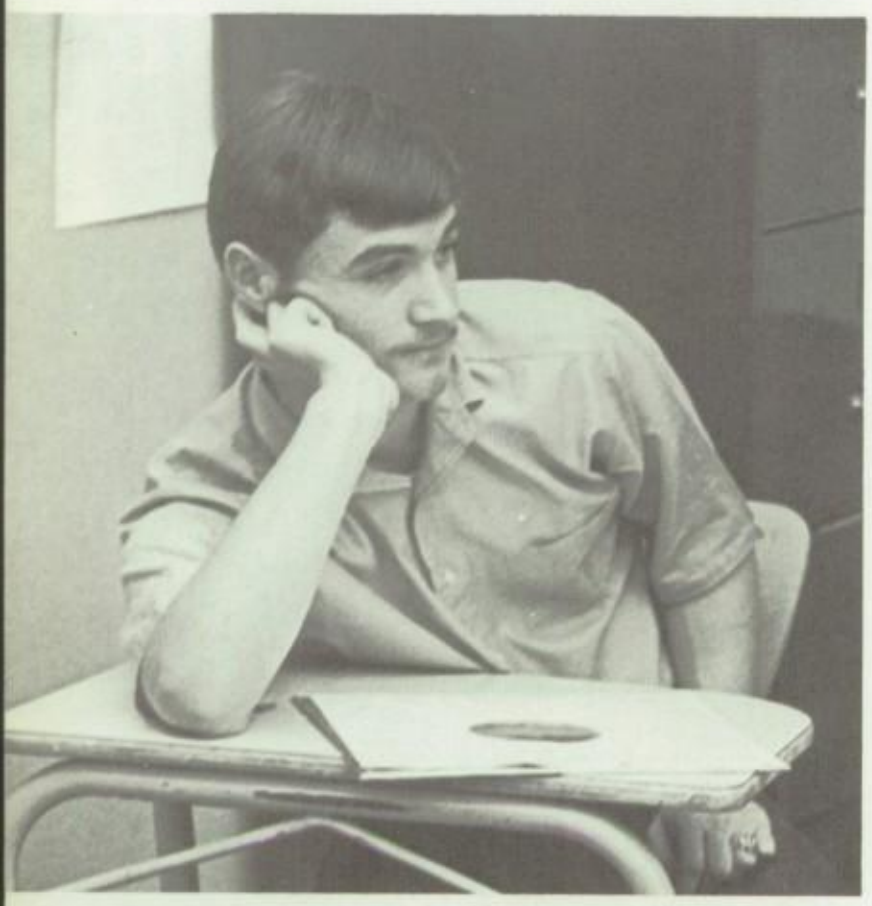
And So
Four Long Years
Come to an End—





Senior Reflections

In early September of the year 1968, four hundred and fifty nervous and anticipating freshmen swarmed the halls of Burlingame High School. Instantly and eagerly, we were ready to leap into the fun and hardships of our next four years of high school. It did not take us long to get into the swing of things. We accepted our roles as freshmen and went on living up to it. While participating in Rally Commission and Panther Yell Block, we were able to cheer on our frosh football team to an undefeated season. We celebrated this first victory at our initial dance, The Frosh Frolic. Of course, there was that ever-popular Rec, where most of us could be found on Friday nights. We learned what real spirit was during our first spirit week. Carrying the big flag with the band and having the Stanford marching band perform at one of our games almost became a tradtion in the next four years. We spent much of our freshman year idolizing the fantastic Class of 1969. It was finally time to make the climb up the ladder to superiority.

Yes, we now were sophomores. Our class really united and did all types of things. We spent noontimes participating in chalk-ins, watermelon eating contests, pumpkin carving contests, and slave days. Outside of school we still got together and went bowling, planted a car in the band room, and even built a bigger aluminum beer can pyramid than Stanford. The first musical at Burlingame. *The Boy Friend,* was performed in our second year. Our sophomore class was represented by "the banana" during the excitement of Little-Big Game and the MPL Championship. The year became even more successful as all the sixteen year olds passed their driving tests and received licenses.

The next step was a hard one but well worth it. We were finally considered upper classmen. Our junior year started off with the tragic grief of Jim Nagle's death. This coincided with our awareness of life as we grew older. We all came out of our grief and carried on. Our band went to San Diego after performing *Jesus Christ, Superstar.* Our Football players slushed through the mud to a Little-Big Game victory. Of course, the team was inspired by the unforgettable junior kidnap breakfast. We faced reality and realized it was time to get some money for the class. We met out financial problem by having Gatorade sales, bagel sales, and car washes so we could afford a Junior Prom. Those

dreadful PSAT tests and hard work for classes were some unpleasant memories. Pleasant memories included Vic sticks, field trips, Surf 72, and "cruising the ave." The inspirational example left to us by the Class of 1971 made our journey upward a little harder because of our anxieties.

We were finally at the top—Seniors, the Class of 1972. Our year started with college and job plans at their peak. Finally we finished the necessary applications, tests, and interviews. After these tests and papers such as *Hamlet* were completed, we decided on eliminating work and concentrating on play. We started our year mostly supporting our football team. It was worth it, with the Little-Big Game victory and the MPL Championship as our reward. As the year progressed, the senior men took their honored seats on the benches. We were all only too happy to leave school at noon because of the heat spell. We spent most of our time outside school partying at the beach or at Tahoe. Unfortunately the ever-popular Rec died during the first semester.

Second semester came along; there were not many worries at all. We even experienced the birth—and death—of the Communications Period. The senior skates, the receiving of parking tickets, the senior skates, the receiving of parking tickets, the senior ball, senior show, and senior cut day are all memories which will linger with us. Therefore, we spent the rest of the year just having good times and enjoying friends.

. . . And so four long years finally come to an end. We anxiously awaited graduation; yet these unforgettable memories linger in our minds. With graduation and Disneyland part of the part, it is time we climb onto the next rung of the ladder of life.

----Burlingame, All Hail!!
